At the other end, we have ample open space with large, easy-to-move room dividers. We offer easily configurable chairs and tables for up to 35 people as required and have desk-divider options to create movable booths.

We can also provide a 4.8m-wide, grocery store grade, full height shelving unit for running complete shopper shelf tests.

This space also features:

- A full kitchen stocked with more than 300 glasses and a commercial fridge
- A large waiting area with a couch, chairs, and cubes to easily manage the flow of arrivals signing in and waiting for each session
- Bathrooms
- Independent air conditioning
- Floor-to-ceiling windows at each end to bring in ample natural light
- An open courtyard offering access to fresh air between sessions
- Projector and large magnetic, writable wall
- Video and sound recording, and separate viewing room via CCTV

COST-EFFECTIVE IDI ROOMS

The Yellow and Blue Rooms

These are our two smallest rooms for 2-4 people. They offer a private space with a table, chairs, laptop use, wifi and complimentary tea and coffee.

These rooms are great for IDIs that don't require viewing or recording, which you would prefer to host in a neutral, central location rather than a public space or the respondent's home. Starting from just \$40 per hour, these rooms are a great alternative to in-situ depths.
